- (a) This award requires the recipient to complete projects or activities which are funded under the American Recovery and Reinvestment Act of 2009 (“Recovery Act or ARRA”) and to report on use of Recovery Act funds provided through this award. Information from these reports will be made available to the public.
- (b) The first report is due no later than ten calendar days after the initial calendar quarter in which the recipient receives the assistance award funded in whole or in part by the Recovery Act. Thereafter, reports shall be submitted no later than the 10th day after the end of each calendar quarter.

C. Award Term— Required Use of American Iron, Steel, and Manufactured Goods— Section 1605 of the American Recovery and Reinvestment Act of 2009

- (a) *Definitions.* As used in this specific award term and condition—

ATTACHMENT T
February 5, 2010

"Construction material" means iron, steel, or manufactured goods brought to the construction site by the recipient, subrecipient or a subcontractor for incorporation into the public building or public work. However, emergency life safety systems, such as emergency lighting, fire alarm, and audio evacuation systems, that are discrete systems incorporated into a public building or work and that are produced as complete systems, are evaluated as a single and distinct construction material regardless of when or how the individual parts or components of those systems are delivered to the construction site.

"Manufactured good or product" means an item incorporated into the physical structure of the public building or used in a public work that is the result of processing materials by way of machinery and/or labor that produce a substantially different item. Where the basic form or function of the material processed remains the same, or the processing does not add value to the item, it is not manufactured. There is no requirement with regard to the origin of components or subcomponents in manufactured goods or products, as long as the manufacture of the goods occurs in the United States.

"Public building" and "public work" means a public building of, and a public work of, a governmental entity (the United States, the District of Columbia, commonwealths and territories of the United States and minor outlying islands, and State and local governments). These buildings and works may include, without limitation, bridges, dams, plants, highways, parkways, streets, subways, tunnels, sewers, mains, power lines, pumping stations, heavy generators, railways, airports, terminals, docks, piers, wharves, ways, lighthouses, buoys, jetties, breakwaters, levees, and canals, and the construction, alteration, maintenance, or repair of such buildings and works.

"Steel" means an alloy that includes at least 50 percent iron, between .02 and 2 percent carbon, and may include other elements.

(b) *Domestic preference.*

- (1) This award term and condition implements Section 1605 of the American Recovery and Reinvestment Act of 2009 (Recovery Act) (Pub. L. 111-5), by requiring that all iron, steel, and other manufactured goods used in the project are produced in the United States except as provided in paragraph (b)(3) and (b)(4) of this term and condition.
- (2) This requirement does not apply to the material listed by the Government as follows:

NONE

- (3) The award official may add other iron, steel, and/or other manufactured goods to the list in paragraph (b)(2) of this term and condition if the Federal Government determines that—
 - (i) The cost of the domestic iron, steel, and/or manufactured goods would be unreasonable. The cost of domestic iron, steel, or manufactured goods used in the project is unreasonable when the cumulative cost of such

ATTACHMENT T

material will increase the cost of the overall project by more than 25 percent;

- (ii) The iron, steel, and/or manufactured goods is not produced or manufactured in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or
- (iii) The application of the restriction of section 1605 of the Recovery Act would be inconsistent with the public interest.

(c) *Request for determination of inapplicability of Section 1605 of the Recovery Act.*

- (1) (i) Any recipient request to use foreign iron, steel, and/or manufactured goods in accordance with paragraph (b)(3) of this term and condition shall include adequate information for Federal Government evaluation of the request, including—
 - (A) A description of the foreign and domestic iron, steel, and/or manufactured goods;
 - (B) Unit of measure;
 - (C) Quantity;
 - (D) Cost;
 - (E) Time of delivery or availability;
 - (F) Location of the construction project;
 - (G) Name and address of the proposed supplier; and
 - (H) A detailed justification of the reason for use of foreign iron, steel, and/or manufactured goods cited in accordance with paragraph (b)(3) of this term and condition.
 - (ii) A request based on unreasonable cost shall include a reasonable survey of the market and a completed cost comparison table in the format in paragraph (d) of this term and condition.
 - (iii) The cost of iron, steel, and/or manufactured goods shall include all delivery costs to the construction site and any applicable duty.
 - (iv) Any recipient request for a determination submitted after Recovery Act funds have been obligated for a project for construction, alteration, maintenance or repair shall explain why the recipient could not reasonably foresee the need for such determination and could not have requested the determination before the funds were obligated. If the recipient does not submit a satisfactory explanation, the award official need not make a determination.
- (2) If the Federal Government determines after award funds have been obligated for a project for construction, alteration, maintenance or repair that an exception to section 1605 of the Recovery Act applies, the award official will amend the award to allow use of the foreign iron, steel, and/or manufactured goods. When the basis for the exception is nonavailability or public interest, the amended award shall reflect adjustment of the award amount or redistribution of budgeted funds, as appropriate, to cover costs associated with acquiring or using the foreign iron, steel, and/or manufactured goods. When the basis for the exception is the unreasonable cost of the domestic iron, steel, and/or manufactured goods, the award official shall adjust the

ATTACHMENT T

award amount or redistribute budgeted funds, as appropriate, by at least the differential established in 2 CFR 176.110(a).

- (3) Unless the Federal Government determines that an exception to section 1605 of the Recovery Act applies, use of foreign iron, steel, and/or manufactured goods is noncompliant with section 1605 of the American Recovery and Reinvestment Act.

- (d) *Data.* To permit evaluation of requests under paragraph (c) of this term and condition based on unreasonable cost, the Recipient shall include the following information and any applicable supporting data based on the survey of suppliers:

 - (i) Section 1605 of the American Recovery and Reinvestment Act of 2009 (Pub. L. 111-5) (Recovery Act), by requiring that all iron, steel, and manufactured goods used in the project are produced in the United States; and
 - (ii) Section 1605(d), which requires application of the Buy American requirement in a manner consistent with U.S. obligations under international agreements. The restrictions of section 1605 of the Recovery Act do not apply to designated country iron, steel, and manufactured goods. The Buy American requirement in section 1605 shall not be applied where the iron, steel or manufactured goods used in the project are from a Party to an international agreement that obligates the recipient to treat the goods and services of that Party the same as domestic goods and services, or where the iron, steel or manufactured goods are from a least developed country. This obligation shall only apply to projects with an estimated value of \$7,443,000 or more.
- (2) The recipient shall use only domestic or designated country iron, steel, and manufactured goods in performing the work funded in whole or part with this award, except as provided in paragraphs (b)(3) and (b)(4) of this term and condition.

E. Award Term—Wage Rate Requirements under Section 1606 of the American Recovery and Reinvestment Act of 2009

- a) Section 1606 of the Recovery Act requires that all laborers and mechanics employed by contractors and subcontractors on projects funded directly by or assisted in whole or in part by and through the Federal Government pursuant to the Recovery Act shall be paid wages at rates not less than those prevailing on projects of a character similar in the locality as determined by the Secretary of Labor in accordance with subchapter IV of chapter 31 of title 40, United States Code.

Pursuant to Reorganization Plan No. 14 and the Copeland Act, 40 U.S.C. 3145, the Department of Labor has issued regulations at 29 CFR Parts 1, 3, and 5 to implement the Davis-Bacon and related Acts. Regulations in 29 CFR 5.5 instruct agencies concerning application of the standard Davis-Bacon contract clauses set forth in that section. Federal agencies providing grants under the Recovery Act shall ensure that the standard Davis-Bacon contract clauses found in 29 CFR 5.5(a) are incorporated in any resultant covered contracts that are in excess of \$2,000 for construction, alteration or repair (including painting and decorating).

- (b) For additional guidance on the wage rate requirements of section 1606, contact your awarding agency. Grant recipients should direct their initial inquiries concerning the application of Davis-Bacon requirements to a particular federally assisted project to the Federal agency funding the project. The Secretary of Labor retains final coverage authority under Reorganization Plan Number 14.

F. Award Term—Recovery Act Transactions listed in Schedule of Expenditures of Federal Awards and Recipient Responsibilities for Informing Subrecipients

- (a) To maximize the transparency and accountability of funds authorized under the American Recovery and Reinvestment Act of 2009 (Public Law 111-5) (Recovery Act) as required by Congress and in accordance with 2 CFR 215, subpart ____ 21 "Uniform Administrative Requirements for Grants and Agreements" and OMB A-102 Common

ATTACHMENT T

Rules provisions, recipients agree to maintain records that identify adequately the source and application of Recovery Act funds.

- (b) For recipients covered by the Single Audit Act Amendments of 1996 and OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations," recipients agree to separately identify the expenditures for Federal awards under the Recovery Act on the Schedule of Expenditures of Federal Awards (SEFA) and the Data Collection Form (SF-SAC) required by OMB Circular A-133. This shall be accomplished by identifying expenditures for Federal awards made under the Recovery Act separately on the SEFA, and as separate rows under Item 9 of Part III on the SF-SAC by CFDA number, and inclusion of the prefix "ARRA-" in identifying the name of the Federal program on the SEFA and as the first characters in Item 9d of Part III on the SF-SAC.
- (c) Recipients agree to separately identify to each subrecipient, and document at the time of sub-award and at the time of disbursement of funds, the Federal award number, CFDA number, and amount of Recovery Act funds. When a recipient awards Recovery Act funds for an existing program, the information furnished to subrecipients shall distinguish the subawards of incremental Recovery Act funds from regular subawards under the existing program.
- (d) Recipients agree to require their subrecipients to include on their SEFA information to specifically identify Recovery Act funding similar to the requirements for the recipient SEFA described above. This information is needed to allow the recipient to properly monitor subrecipient expenditure of ARRA funds as well as oversight by the Federal awarding agencies, Offices of Inspector General and the Government Accountability Office

G. Award Term—Reporting of Fraud and Misconduct

Each recipient and subrecipient awarded funds made available under the Recovery Act must promptly refer to the Department of Education's Office of Inspector General any credible evidence that a principal officer, employee, agent, contractor, subrecipient, subcontractor, or other person has submitted a false claim under the False Claims Act or has committed a criminal or civil violation of laws pertaining to fraud, conflict of interest, bribery, gratuity, or similar misconduct involving those funds. Registration of Data Universal Numbering System (DUNS) Number and Taxpayer Identification Number (TIN) in the Central Contractor Registration (CCR)

The U.S. Department of Education (Education) Grants Management System (G5) will begin disbursing payments via the U.S. Department of Treasury (Treasury) rather than directly through the Federal Reserve as in the past. The U.S. Treasury requires that we include your Tax Payer Identification Number (TIN) with each payment. Therefore, in order to do business with Education you must have a registered DUNS and TIN number with the CCR, the U.S. Federal Government's primary registrant database. If the payee DUNS number is different than your grantee DUNS number, both numbers must be registered in the CCR. Failure to do so will delay the receipt of payments from Education.

A TIN is an identification number used by the Internal Revenue Service (IRS) in the administration of tax laws. It is issued either by the Social Security Administration (SSA) or by the IRS. A Social Security number (SSN) is issued by the SSA whereas all other TINs are issued by the IRS.

The following are all considered TINs according to the IRS.

- Social Security Number "SSN"
- Employer Identification Number "EIN"
- Individual Taxpayer Identification Number "ITIN"
- Taxpayer Identification Number for Pending U.S. Adoptions "ATIN"
- Preparer Taxpayer Identification Number "PTIN"

If your DUNS number is not currently registered with the CCR, you can easily register by going to www.ccr.gov. Please allow 3-5 business days to complete the registration process. If you need a new TIN, please allow 2-5 weeks for your TIN to become active. If you need assistance during the registration process, you may contact the CCR Federal Service Desk at 866-606-8220.

If you are currently registered with CCR, you may not have to make any changes. However, please take the time to validate that the TIN associated with your DUNS is correct.

If you have any questions or concerns, please contact the G5 Hotline at 888-336-8930.
